Research reports

Brain maturation of high-affinity adenosine A_2 receptors and their coupling to G-proteins
J.-F. Doriat, A.-C. Humbert and J.-L. Daval (France) 1

Proteins from chromaffin granules promote survival of dorsal root ganglionic neurons: comparison with neurotrophins
K. Krieglstein and K. Unsicker (Germany) 10

A quantitative analysis of rat central nervous system myelination using the immunohistochemical method for MBP
K. Hamano, N. Iwasaki, T. Takeya and H. Takita (Japan) 18

Calbindin and parvalbumin immunoreactivity in the developing and adult human retina
T.C. Nag and S. Wadhwa (India) 23

Growth of dorsal spinocerebellar axons through a lesion of their spinal pathway during early development in the North American opossum, *Didelphis virginiana*
J.R. Terman, X.M. Wang and G.F. Martin (USA) 33

Adult neurogenesis in the telencephalon of a lizard: a [^{3}H]thymidine autoradiographic and bromodeoxyuridine immunocytochemical study
M.M. Pérez-Cañellas and J.M. García-Verdugo (Spain) 49

Cranial nerves and ganglia are altered after in vitro treatment of mouse embryos with valproic acid (VPA) and 4-en-VPA
F. Gofflot, G. Van Maele-Fabry and J.J. Picard (Belgium) 62

Developmental changes in depolarization-mediated AMPA receptor modifications and potassium-induced long-term potentiation
C. Chabot, J. Bernard, M. Normandin, M. Ohayon, M. Baudry and G. Massicotte (Canada, USA) 70

The postembryonic development of somatostatin immunoreactivity in the central posterior/prepacemaker nucleus of weakly electric fish, *Apteronotus leptorhynchus*: a double-labelling study
T. Stroh and G.K.H. Zupanc (Germany) 76

Influence of a retinal pigment epithelial cell factor(s) on rat retinal progenitor cells
H.J. Sheedlo and J.E. Turner (USA) 88

Effects of embryo transfer and cortical ectopias upon the behavior of BXSB-Yaa and BXSB-Yaa + mice
V.H. Denenberg, G. Sherman, L.M. Schrott, N.S. Waters, G.W. Boehm, A.M. Galaburda and L.E. Mobraaten (USA) 100

Developmental changes in NMDA-induced cell swelling and its transition to necrosis measured with ^{1}H magnetic resonance imaging, impedance and histology
M. Van Lookeren Campagne, H.B. Verheul, J.P. Vermeulen, R. Balázs, G.J. Boer and K. Nicolay (The Netherlands) 109

The distribution of iron in the brain: A phylogenetic analysis using iron histochemistry
G.L. Erb, D.L. Osterbur and S.M. LeVine (USA) 120

Intrauterine hypoxia-ischemia reduces phosphoinositide hydrolysis stimulated by metabotropic glutamate receptor agonists in cultured rat cerebellar granule cells
P.G. Rhodes and Z. Cai (USA) 129

Genotype-dependent sex differentiation of dopaminergic neurons in primary cultures of embryonic mouse brain
R. Sibug, E. Küppers, C. Beyer, S.C. Maxson, C. Pilgrim and I. Reisert (Germany, USA) 136

The effect of age on susceptibility to brain damage in a model of global hemispheric hypoxia-ischemia
J.Y. Yager, A. Shuaib and J. Thornhill (Canada) 143

Programming of brainstem serotonin transporter development by prenatal glucocorticoids
T.A. Slotkin, G.A. Barnes, E.C. McCook and F.J. Seidler (USA) 155

Elevated GM2 ganglioside is associated with dendritic proliferation in normal developing neocortex
L.A. Goodman and S.U. Walkley (USA) 162

Differential expression of gangliosides and galactolipids in fetal human oligodendrocytes and astrocytes in culture
J.-i. Satoh, T. Tai and S.U. Kim (Canada, Japan) 172

Influence of the choroid plexus on cerebellar development: analysis of retinoic acid synthesis
M. Yamamoto, P. McCaffery and U.C. Dräger (USA, Japan) 182

(contents continued on p. 204)

0165-3806(19960531)93:1/2;1-8

Developmental changes in NMDA-induced cell swelling and its transition to necrosis measured with ^{1}H magnetic resonance imaging, impedance and histology (93) 109
Van Maele-Fabry, G., see Gofflot, F. (93) 62
Verheul, H.B., see Van Lookeren Campagne, M. (93) 109
Vermeulen, J.P., see Van Lookeren Campagne, M. (93) 109
Wadhwa, S., see Nag, T.C. (93) 23
Walkley, S.U., see Goodman, L.A. (93) 162
Wang, X.M., see Terman, J.R. (93) 33
Waters, N.S., see Denenberg, V.H. (93) 100
Yager, J.Y., Shuaib, A. and Thornhill, J. The effect of age on susceptibility to brain damage in a model of global hemispheric hypoxia-ischemia (93) 143
Yamamoto, M., McCaffery, P. and Dräger, U.C. Influence of the choroid plexus on cerebellar development: analysis of retinoic acid synthesis (93) 182
Zupanc, G.K.H., see Stroh, T. (93) 76

(contents continued)

Short communications

Developmental expression of Fos-lacZ in the brains of postnatal transgenic rats
G.M. Kasof, R.J. Smeyne, T. Curran and J.I. Morgan (USA) 191
All-trans retinoic acid affects the expression of orphan receptors COUP-TF I and COUP-TF II in the developing neural tube
K. Brubaker, M. McMillan, T. Neuman and H.O. Nornes (USA) 198
